Secretary's Office, 89 Third Ave., New York.

The Association of American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are :

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide **protection** to the public against **fraudulent advertising schemes which operate under the name of Directories**, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

**\$100 Reward** will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fake directory.

**Dr. S. W. McInnis**, M.P.P., chairman.

**Aids.**—Harcourt and McKenzie, Messrs. F. T. Gargett, Alexander McEachern, Spencer A. Bedford, A. S. Rose and A. F. Campbell.

Secretary—Harry Brown.

The Board meets on the last Monday of each month in the City Hall.

### Brandon Fire Department.

Headquarters Princess Ave. cor 7th Street.

Chief, E. G. Wiswell.

Captain, J. V. Melhuish.

The department consists of six permanent (fully paid) firemen and 20 volunteer call men.

The equipment consists of one steamer, 2 chemicals, 2 hose wagons, one hose reel, one hook and ladder wagon, and five horses.

There are 80 fire hydrants distributed throughout the city. The fire pressure from the waterworks pumping station is 140 pounds with a total pump capacity of  $3\frac{1}{2}$  million gallons in 24 hours. It is a direct pumping system, there being no reservoir or stand pipe.

### City Waterworks.

The waterworks pumping station is situated at the corner of 26th Street and McDonald Ave. and north of the C.P.R. track. It is  $1\frac{1}{4}$  miles west from the City Hall.

Superintendent—; Walter H. Shillinglaw, C.E.

Chief Engineer—; A. W. Shaw, 2nd engr. James Anderson.

The supply is taken from filter gallery and the Assiniboine River with a 40 inch intake to the pumping station which is 1000 feet south of the river. The system is what is known as direct pumping there being no reservoir or stand pump. The plant consists of one two million gallon D'Auria high duty pump, two 750,000 gallon Worthington pumps, two 500,000 gallon pressure filters, operated by four 75 horse power boilers.

The engine room is 36x44 feet, filter room 36x44 feet, and the boiler room 39x44 feet. There are 800 domestic services of which 150 are on meter, and 80 fire hydrants. A domestic pressure is maintained at 85 pounds, while for fire purposes the pressure is raised to 140 pounds at the station. The total capacity of the pumping plant is  $3\frac{1}{2}$  million gallons for 24 hours.

### Public Works and Improvements

During the year 1905, 15500 feet of water mains were laid, 4000 feet of main trunk sewer built, 9552 feet of lateral sewers, and 6 miles of granolithic sidewalks.

The city now has 1290 miles of water mains, 1010 miles of sewers with about 500 connections, 12 miles graded streets and 15.40 miles of granolithic and one mile of wooden sidewalks.

### System of Numbering Houses.

The system of house numbering adopted by the city of Brandon is the Philadelphia or Decimal System. By this system an even hundred

numbers are allotted to each block and the principal advantage of the system is that the number indicates how many blocks distant it is from any given point on the street or avenue.

On the avenues which run east and west a number is allotted to every twelve feet, and on streets which run north and south a number is allotted to every fifteen feet.

Odd numbers are located on the east and north sides, and even numbers on the south and west sides.

The affix east is used to indicate avenues that number eastward from First Street and the affix north is used to indicate streets that number northward from Pacific Ave.

PACIFIC AVENUE is taken as the basis for all streets running south starting at number 1 and going southward 100 to the block to the Southern limits of the City.

ASSINIBOINE AVENUE is the basis for all streets running northward starting at number 1 going northward 100 to block to the Northern limits of the City.

FIRST STREET is the basis and dividing line for all avenues which run east and west. Starting at 100 and going westward 100 to the block to the western limits of the City, and again starting at number 1 and going eastward 100 to the block to the eastern limits of the City.

ROSSER AVENUE, and all avenues running westward from First Street are intersected as follows;—

Number.

100 First Street.

200 Second Street.

300 Third Street.

400 Fourth Street.

500 Fifth Street.

600 Sixth Street.

700 Seventh Street.

800 Eighth Street.

900 Ninth Street.

1000 Tenth Street.

1100 Eleventh Street.

1200 Twelfth Street.

1300 Thirteenth Street.

1400 Fourteenth Street.

1500 Fifteenth Street.

1600 Sixteenth Street.

1700 Seventeenth Street.

1800 Eighteenth Street and so on to Thirty-fourth Street and western boundary of the City.

ROSSER AVE. EAST and all avenues running eastward from First St. are intersected as follows

Number.

1 First St.

100 Dennis St.

200 Russell St.

---

300 Frederick St.  
 400 Park St.  
 500 Rideau St.  
 600 Franklin St.  
 700 Percy St.  
 800 Douglas St.  
 900 Tenth St.  
 1000 11th St.  
 1000 Eleventh St. and so on to Seventeenth St. and eastern boundary  
 of the City.

FIRST STREET is a basis for all streets running southward from  
 Pacific Ave. west of First St. which are intersected as follow  
 Number.

1 Pacific Ave.  
 100 Rosser Ave.  
 200 Princess Ave.  
 300 Lorne Ave.  
 400 Louise Ave.  
 500 Victoria Ave.  
 600 McTavish Ave.  
 700 Van Horne Ave.  
 800 College Ave.  
 900 Park Ave.  
 1000 Southern Ave.

### Transportation Facilities.

The Brandon, Saskatchewan & Hudson's Bay Railway Company have selected their depot site on Pacific Ave. cor Eleventh St. with freight sheds at Eighteenth Street. The company are building a road seventy miles in length which will connect with the St. John's branch of the Great Northern Railway (at range 17), at a point south of Boissevain, which will make a direct short line to St. Paul. Minn. and connect with all Great Northern Railway points.

The Grand Trunk Pacific Railway survey is locating a branch from a point on their main line near Brookdale direct to Brandon.

The Canadian Pacific Railway division superintendent has headquarters here with supervision over 1000 miles of road. The pay roll is said to average over \$100,000.00 per month. The side tracks in the Brandon yards of the C.P.R. aggregate 23 miles. Division shops are also here.

The C.P.R. connections are as follows; Main line east and west Rapid City (Minnedosa section) (via Chater 6 miles east) . . 46 miles. Connecting with Lenore branch (via Forrest 16 miles north) . 41 miles.

Varcoe branch (via Varcoe 24 miles north) . . . . . 55 miles.

Miniota branch (via Gautier Jct. 33 miles north) . . 43 miles.

Pheasant Hills branch (via Kirkella 71 miles west) . . . . . 200 miles.

Estevan section (via Kemnay 8 miles west) . . . . . 156 miles.

Connecting with, Souris section, (via Souris 25 miles south) 149 miles.

Connecting with Arcola section (via Schwitzer Jct. 32 miles south)

95 miles.

Connecting with Napinka branch (to Deloraine) via Napinka 59 miles

south 19 miles.

The Canadian Northern Railway will erect new terminals shortly and increase their accommodation. Their connection with Brandon are as follows;—

Short line from Portage la Prairie to Winnipeg. 134 miles.

Connecting via Brandon Jct. 17½ miles for Carberry, Neepawa,

Dauphin and points north and west, and at Portage la

Prairie with the main line.

Wawanesa section south-east to Hartney Jct. (Belmont) . 40 miles.

Connecting with Hartney section running west to Virden. 91 miles.

Carman section east to Winnipeg. . . . . 118 miles.

Miami section (from Somerset) east to Morris. . . . . 62 miles.

Wakopa section (from Greenway) south to Adelpha. . 52 miles.

## City of Brandon

## Street Directory

## FOR 1906

This section of the Directory is presented in condensed form.  
 Full information will be found in the Alphabetical Section.

AVENUES all run East and West and are numbered from First Street as a base Westwards and Eastwards.

The affix "EAST", is used to designate Avenues numbered Eastward from First Street.

STREETS all run North and South and are numbered from Pacific Avenue as a base Southwards and again from Assiniboine Avenue Northwards.

The affix "NORTH" is used to designate Streets numbered Northwards from Assiniboine Avenue.

The word "avenue" is always understood.

# To PIANO Purchasers

When buying a Piano it is not a  
wise plan to overlook old  
established houses.

The \_\_\_\_\_

## Nordheimer Piano Co.

Has been in business continuously since  
1840 and occupies the position in  
in the trade as the Premier  
Music House of Canada.

Catalogues sent to any address in  
Manitoba, Saskatchewan or Alberta

\_\_\_\_\_  
ADDRESS \_\_\_\_\_

247 Main St.    ::    ::    Winnipeg

# The **NORDHEIMER** PIANO

Invest your money in a Thoroughly Good Instrument if you are thinking of buying a piano. We have  
Both **Grand Pianos and Uprights**  
that are perfect in every detail of construction;  
they will wear twice as long as many pianos on the  
market. Beautiful cases in several different designs.
